## Fast Facts:

54 units

of affordable housing

Permanent Supportive Housing

New Construction

2026  
estimated project completion

## Project Overview:

In May 2022, the Fairfax City-based Lamb Center and Wesley Housing announced a strategic partnership to create much-needed permanent supportive housing in the City of Fairfax. The development will serve people who are homeless or at risk of homelessness across jurisdictional lines. Residents will mainly be older adults or individuals with disabilities.

The partners plan to redevelop the Hy-Way Motel site (9640 Fairfax Blvd, Fairfax, VA) into a five-story residential/mixed-use community with 54 apartments serving single individuals (primarily studio apartments). The ground floor will contain office space to accommodate an expansion of the Lamb Center's jobs programs to assist individuals in finding and sustaining employment.

The property will house residents with very low incomes, at or below 30% of the Area Median Income (\$32,490 for a single person, HUD 2024).

Residents at the new development will sign leases and receive on-site case management and other wrap-around support. Case managers will help each tenant formulate and achieve individual goals such as securing income or work, improving physical and mental health wellbeing, and maintaining housing. Case managers will also provide skills training to improve individuals' ability to budget, manage medication, maintain employment, and develop positive social supports.

## Anticipated Financing:

9% Tax Credit Equity  
City of Fairfax Funds  
Deferred Developer Fee  
Fairfax County Funds  
Federal Appropriation
